WORK EXPERIENCE

Laptop Engineer | SLOT Company Nigeria

September 2021

Trained and mentored by Slot Academy Engineering Tutor, I am now a certified laptop Engineer.

I also work on my own as an engineer, and also work as a laptop or system maintainer

Web Development Tutor | Deximal Academy

February 2022

Worked as a Web Development Tutor, a year after I began to code. Got the experience and I am still into web development tutoring.

C.E.O | Mayor Chris Technologies

January 2022

Started a small company with co-skilled friends, it was a dream one, the company is still on, and growing soonest we will reach the world standard company. We also need support and investments into our dream.

EDUCATION

Bachelor of science : Computer Science

MICHAEL OKPARA UNIVERSITY OF

AGRICULTURE UMUDIKE, 2024 – 2026

Got admitted into the tertiary institution to study computer science, a four year program, with my work experience and enlightenment, I work even as a student in some academic offices, also I study very well, coupled with working and maintaining an optimum life as a student. Although I'm still to graduate but I will be certified with my BSC on the year appointed.
